Under water

I feel like I'm under water

Cause I can't get to you

Moving closer, but can't seem to find my way to you

I'm still trying to

I hate that you falling, I know I can't blame ya

Who'll still love you but me it's so clear to see

You are all I need x2

You are all I need to survive

Ain't nobody else on my mind

Cause I won't let yo go, no I won't let you go x2

Under water

I feel like I'm under water

Cause I can't get to you

But I won't let you go, I will always be tuff for you baby

And I won't let you go, I will always be there for you

I hate that you falling, I know I can't blame ya

Who'll still love you but me it's so clear to see

You are all I need x2
